# Coaching the **VAN** Driver

Wednesday, July 20, 2005

8:30 A.M. - 12:30 P.M.

Many organizations assume that van driving is the same as driving a car, and expect their employees (or volunteers) to assume van-driving responsibilities without any training. The fact is most commercial vans are very different from passenger cars. Vans are bigger, heavier, have larger blind spots, and require longer following and stopping distances. This course will show drivers how to compensate for these differences and help keep them on the road and on the job.
