

# COACHING THE LIFT TRUCK OPERATOR TRAIN-THE-TRAINER SEMINAR

sponsored by the  
**Chesapeake Region Safety Council, Inc.**  
 CHAPTER - NATIONAL SAFETY COUNCIL  
 July 14, 2005 - 9:00 a.m. - 3:30 p.m.

Learn how to meet OSHA's new Powered Industrial Truck Standard using the National Safety Council's Coaching the Lift Truck Operator training program.

*OSHA's final Powered Industrial Truck Standard (1910.178) requires formal instruction, practical training, and evaluation of operator performance. Does your current training program meet these new standards? Are your lift truck operators being properly trained and evaluated? Now you can answer "YES" to both of these questions with Coaching the Lift Truck Operator from the National Safety Council. Updated to address all aspects of the new OSHA standard, and designed to make your lift truck operators work safer and smarter. Coaching the Lift Truck Operator gives you all the tools you need to raise your training program to a new standard of excellence.*

## Why you should attend:

Over 95,000 people are injured and millions of dollars are lost each year in forklift incidents. Now you must comply with OSHA's new training standards, aimed at greatly reducing these injuries and related costs. At this seminar you'll become familiar with **Coaching the Lift Truck Operator**, a comprehensive program covering all aspects of lift truck operation, including:

- ✓ Operator training definitions from OSHA and NIOSH
- ✓ Lift truck design
- ✓ Moving with and without a load
- ✓ Picking up and stacking a load
- ✓ Vehicle safety inspections
- ✓ Utilizing scanning techniques
- ✓ Special considerations such as trailers, ramps, and elevators
- ✓ Pedestrian safety

What you'll learn at this one-day seminar:

- ☉ Understand the new OSHA standard and what you must do to be in full compliance.
- ☉ Recognize the skills and techniques required for safe operation and maintenance of powered industrial trucks.
- ☉ Develop a complete in-house training program using *Coaching the Lift Truck Operator* training program.
- ☉ Design exercises to evaluate actual "hands-on" performance by your operators.
- ☉ Educate non-operators on how to work safely around powered industrial trucks.

You'll take the program with you!!!
