POSH is a comprehensive, interactive training program on the terminology, principles, and practice of occupational safety and health. Whether you're implementing a new safety program, or improving an existing one POSH will:

- ☞ Raise your awareness of more than 20 safety and health issues relevant to your industry, including recordkeeping, safety inspections, electrical and fire safety, personal protective equipment, and bloodborne pathogens
- ☞ Give you a balanced perspective of these issues by addressing both technical and human aspects of occupational safety and health
- ☞ Show you how to organize an effective safety system and communicate it throughout your establishment
- ☞ Suggest best practices in safety and health that will help you protect employees
- ☞ Help you lay the groundwork for or improve an existing safety plan
- ☞ Identify the resources necessary to develop

Go beyond the basics of compliance, and learn to help prevent injuries and related cost

Student Materials Include:

- ♦ NSC's Accident Prevention Manuals (2 Volume Set)
- ♦ Administration and Programs – Engineering & Technology (550 pages each)
