

December 15, 2010 8:30am to 4:00pm

Incident Investigation

This class examines incident investigation and analysis as a means of preventing injuries, property damage, and financial losses!

This Course is designed for anyone responsible for investigating incidents. You will learn techniques for gathering complete, accurate and objective accident data. This course will take you on a step-by-step investigation procedure for analyzing all possible root causes.

Training Goals

Upon Completion of the Incident Investigation course, you will be able to:

- Employ effective investigation and interview techniques
- Analyze accidents to identify "true" root causes
- Describe human issues affecting incident reporting

Location:

Heavy Construction Contractors Association
8424 Quarry Road, Suite 201, Manassas, VA 20110

During Training you will examine:

- Incidents to investigate
- On-Site investigation process
- Data to include investigation reports
- Techniques for interviewing witnesses
- Post action: hazard control measures and follow-up

Prices:

\$295 for CRSC/NSC Members and \$385 for Non-Members
.6 NSC CEUs/ .6 COCs and 1.0 Safety CMs

Questions: call 1-800-875-4770
