Chesapeake Region Safety Council

17 Governor's Court
Baltimore, MD 21244

December 6 - 9, 2010

8:00 am to 4:00 pm
call 1-800-875-4770 for questions

This course is designed for personnel interested in developing safety and health programs in the construction industry. Special emphasis is placed upon those areas in construction that are the most hazardous, using OSHA standards as a guide. Attendees are required to have prior construction experience and need to take the OSHA 510 - Basic Course in Construction Industry prior to participating in this course. Course participants are briefed on effective instructional approaches and the use of visual aids and handouts. The OSHA 500 Trainer Course in Occupational Safety and Health Standards for the Construction Industry provides the latest adult training techniques and resources to the students who will become an instructor qualified to teach both the 10 and 30 hour OSHA voluntary compliance courses for the construction industry.

Class Topics Include:

- OSHA Act and OSHA Standards
- Safety and Health Programs
- Fall Protection
- Stairways/Ladders
- Scaffolds
- Fire Protection
- Motor Vehicles
- Welding & Cutting
- Hazard Communications
- Health Hazards
- PPE
- Electrical Standards
- Hand and Power Tools
- Concrete and Masonry
- Cranes, Derricks, Hoists
- Material Handling
- Excavation
- Confined Spaces
- Inspection, Citations & Proposed Penalties
- General Safety and Health Provisions

Prerequisites: Course #510 and five years of construction safety experience. A college degree in occupational safety and health, a Certified Safety Professional (CSP), or Certified Industrial Hygienist (CIH) designation, in the applicable training area may be substituted for two years of experience.

Class Price:

\$795 for Everyone

This course prepares the graduate to conduct both 10 and 30 hour voluntary compliance courses and issue OSHA cards to their students
