POSH is a comprehensive, interactive training program on the terminology, principles, and practice of occupational safety and health. Whether you are implementing a new safety program, or improving an existing one, POSH will:

"The use of this seal is not an endorsement by the HR Certification Institute of the quality of the program. It means that this program has met the HR Certification Institute's criteria to be pre-approved for recertification credit."

- Raise your awareness of more than 20 safety and health issues relevant to your industry, including recordkeeping, safety inspections, electrical and fire safety, personal protective equipment, and bloodborne pathogens.
- Give you a balanced perspective of these issues by addressing both technical and human aspects of occupational safety and health
- Show you how to organize an effective safety system and communicate it throughout your establishment
- Suggest best practices in safety and health that will help you protect employees
- Help you lay the groundwork for or improve an existing safety plan
- Identify the resources necessary to develop an effective workplace safety program

Class Price:
