

Presented by the Chesapeake Region Safety Council:

Confined Space Safety Train-the-Trainer

When:

October 6 - 8, 2010
8:30am to 4:00pm

Location:

Chesapeake Region Safety Council
17 Governor's Court, Baltimore, MD 21244
1-800-875-4770

This is a comprehensive training program of permit space entry and rescue standards for those desiring to train employees covered by the OSHA 29 CFR 1910.146 Permit-Required Confined Space standard. This Trainer Course in Permit-Required Confined Spaces is recommended for inspectors, auditors, safety and health professionals and those personnel responsible for writing, auditing or training employees with an active role in permit space entry. This course was developed and designed to educate participants about all aspects of 29 CFR 1910.146.

Objectives:

At the end of this course, student should be able to:

1. Explain how people process (learn) information
2. Describe Adult Learning Needs
3. Prepare and deliver a presentation using effective delivery techniques
4. Discuss the requirements and interpretations for permit-required confined space entry
5. Effectively evaluate training
6. Discuss the scope, application and key definitions of the permit space standard
7. Describe the requirements for permit space programs and the permit system
8. Discuss the general training requirements of the permit space standard
9. Identify confined space equipment and their limitations
10. Explain employee roles in permit space operations
11. Identify the common hazards and citations involving confined space entry
12. Explain the types of permit space entry
13. Identify the responsibilities of host employers and contractors in permit space entry
14. Discuss the types of permit space rescue and the employer responsibilities
15. Effectively conduct permit space training in accordance with the OSHA Permit-Required Confined Space standard 29 CFR 1910.146

Class Price:

\$695 for CRSC/NSC Members
\$895 for Non-Members
includes: lunch, refreshments,
Instructor Resource Binder and
Confined Space PowerPoint
Presentation on CD

Goal:

Upon the successful completion of this course, participants will be able to apply adult learning principles and training techniques to clearly identify, define, and explain hazards and acceptable corrective measures in Permit Space operations in accordance with the 29 CFR 1910.146 OSHA Regulations as they teach Permit-Required Confined Spaces courses.
