

MAOTIEC Safety and Health Specialist Certificate Programs

Employers that participate in these certificate programs gain safety specialists who promote safety and health and save money through fewer lost-time injuries, fewer fines and citations, and cost effective responses to regulatory requirements.

All courses must be completed within the past five years and presented by Mid Atlantic OTI Education Center (MAOTIEC) or Chesapeake Region Safety Council. A maximum of two courses can be accepted from other OTI Education Centers or National Safety Council (NSC) chapters. Final approval is at the discretion of MAOTIEC.
